

Provider Notice

From: Magellan Healthcare

Subject: CANS DSA and Levels of Care implementation planned for October

Attention: CANS DSA and updated Levels of Care implementation moves to Oct. 1, 2026.

Overview

The Idaho Department of Health and Welfare and Magellan remain committed to implementing the updated Child and Adolescent Needs and Strengths (CANS) Decision Support Application (DSA) and revised Levels of Care framework.

These enhancements are intended to support consistent clinical decision-making while continuing to reinforce the use of clinical judgment and individualized treatment planning.

Implementation is now planned for the beginning of October 2026.

Questions?

Please reach out to bhtcom@dhw.idaho.gov with any questions regarding the CANS DSA or Levels of Care.
